We reduce your risk towards retirement

You're in a lifestyle profile. In a nutshell, as you get closer to retirement, we'll automatically move your money into funds that are usually lower risk and are designed to get your investments to where they need to be when you retire.

Why can diversification be a good thing? Having a mix of investments across different

geographical locations and investment types can help to smooth returns, meaning the value should be less likely to change dramatically than if you were invested in a single location or type of investment. However, if you're planning to access your

pension savings soon, being diversified may not be a good thing, depending on how you plan to take your money.
