Dear #TITLE\_SURNAME

## We're changing the names and descriptions of your pension investments

You're invested in the #PROFILE NAME.

The name of one of the funds in your profile will change and we'll update the fund description to better reflect how it's invested.

If you're a member of a company pension scheme, you may have been automatically invested in this lifestyle profile, or you may have selected it yourself.

### What does this mean for me?

As your pension provider, we regularly review the options we offer you to make sure they're still helping you work towards the pension pot you're hoping for when you retire. **The investment strategy and how your money's invested won't change.**

You're in one of our lifestyle profiles, which is designed to make it easy for you to save for retirement. You don't need to do anything, we just wanted to let you know about these changes.

You'll find details of the changes at the end of this letter.

**It's a good idea to get into the habit of reviewing your investment choices. A change to your investments could be important as they might affect the value of your pension when you retire.**
